British Columbia Schizophrenia Society

F.O.R.C.E Society for Kids' Mental Health

### Australian Initiatives to Help Children and Families when Parents Have Mental Illness

Seizing the opportunity afforded by the 3<sup>rd</sup> World  
Conference on Children of Parents with Mental Illness,  
Mark Littlefield and Les Stagg, head of the Child and  
Youth Care Department at UFV are building an event to  
insure greater numbers of people from Fraser South  
and East can benefit from those attending the  
conference. The event will provide opportunity for  
social workers, mental health clinicians, nurses,  
students and educators to hear insights from an  
international perspective then to network as we build  
our own capacity to support families impacted by  
mental illness in the Fraser Valley.
