CREATIVE CIRCLE IDEAS

Tuesday November 21

6:30 PM — 8:30 PM

Come out and learn some fun ideas for circle activities with young children. We will look at some simple and inexpensive ways to build your resources and engage infants and toddlers in circle time activities. Kelly Traas has worked in the ECE field for 18 years. Kelly has worked as a supervisor and manager in large multi group daycare. Kelly has a heart for working with young children and most of her work has been with the infant and toddler age group.
